This Firingbox is used to trigger a Ratchet or an AirRam. The different modes are adjustable. On the "AirRam" mode the pause and reactivation time is set to prevent accidental activation. Call for more details!

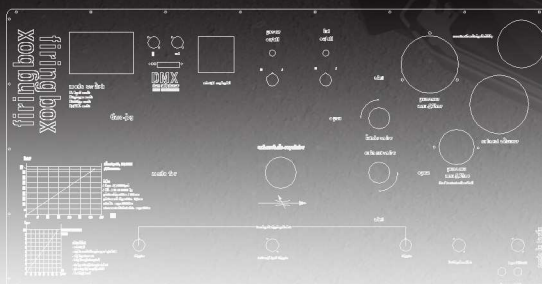

external hand-trigger

intake and exhaust valves

mode switch by a Siemens-control for DMX, AirRam, delay-mode and direct

## TECHNICAL SPECIFICATIONS

Pressure:	45 bar	Modes: hand-trigger, delay, AirRam, Ratchet
H x L x D:	0,5m x 1,1m x 0,6	exhaust silencer
Casing: Peli-Case 1780, anodized aluminium		flat-face couplings
